What are the top policies from the Green Paper that the Government should focus on in the White Paper and why?

Less red and green tape.

Stifles development and expansion, adds cost, undermines profitability.

What policies from the Green Paper don't you support and why?

General Comment

Let's see, the NSW government actually allows privately owned farmland to be rezoned to environmental land. Only an idiot would invest in agriculture under a regime like this. Has anyone heard of surety?
