Dear Sir,

I would like to support the idea of Mr Rob Moore and the Proposed PPP - BILL as a way to help support Farmers and an adequate RIO = (Return On Investment) for their efforts.

There are also many on twitter who support the idea of this Proposed BILL.

In addition, -- perhaps an Economic Platform for the Industry could be a vehicle used to help structure any proposed reforms or recommendations that may arise from the very good exercise of this White Paper.

Thankyou for your time

Regards

Alyn.
